Carol Browner, Administrator
US Environmental Protection Agency
PO Box 1473
Merrifield VA 22116

Dear Administrator Browner;

The HPV Dioxolane Manufacture's Consortium is pleased to submit the testing plan and robust summaries for 1,3-Dioxolane (CAS Number 646-06-0). The attached Adobe Acrobat (pdf) file contains the entire submission consisting of the test plan, the test plan rationale and robust summaries for the key studies comprising the HPV endpoints.

If there are any questions concerning this submission please contact me as a representative of the Consortium

Sincerely,

A handwritten signature in black ink, appearing to read "Elmer Rauckman".

Elmer Rauckman PhD, DABT
Toxicologist for the Dioxolane HPV Consortium
